TO: R. Simonson  
Rocky Flats Office

The Office of Southwestern Area Programs has approved the above-referenced package as a Comprehensive Environmental Response, Compensation, and Liability Act document, subject to resolution of Headquarters comments already provided to your office by my staff. If any substantive comments are identified by the current Headquarters National Environmental Policy Act review process, Rocky Flats (RF) should incorporate them in the final Environmental Assessment submittal to the regulators and the public.

RF is directed to transmit the document to the regulators to meet the March 2 delivery date milestone.
